PROFESSIONAL SUMMARY

Full Stack Web Developer with experience in building scalable web applications using Laravel, NestJS, and Next.js. Skilled in developing REST APIs, optimizing database performance, and delivering responsive user interfaces. Passionate about building high-performance and user-focused digital products.

WORK EXPERIENCE

Maq Dev (Maqsood Labs) – (Onsite)

Aug 2025 – Till Date

Working as a Full Stack Developer

- Completed a software development internship at Maqsood Labs, working with NestJS and Next.js to build and maintain backend APIs and frontend features in a production-oriented environment.
- Gained hands-on experience with Jest testing for unit/integration tests and learned Docker fundamentals for containerization, environment consistency, and deployment workflows.

Trektoo – (Remote Sat/Sun)

Aug 2025 – Till Date

Working as a Full Stack Developer

- Developed a full-stack travel booking platform (Trektoo) using Laravel (REST APIs) and Next.js, enabling users to browse, search, and book hotels and travel activities with a modern, responsive UI.
- Implemented secure booking, pricing, and voucher/discount flows, integrated third-party travel APIs, and optimized backend database queries for high-performance hotel & activity searches.

Devloop Technologies (Onsite)

Jan 2025 – June 2025

Full Stack Web Developer

- Contributed to the development of multiple full-stack web applications using Laravel
- Integrated React + Bootstrap into projects for dynamic user interfaces
- My focus has been on building scalable, secure, and user-friendly platforms

Devicon Software House – Internship

Sept 2023 – Feb 2024

Laravel Developer

- Completed a 6-month internship focusing on web development.
 - Gained practical experience in building dynamic, user-driven web applications.
-
